

Tophost recorded a +12% growth in gross sales in Q42018 vs. Q42017

Milan, 14 February 2019. (“**DHH**”) (DHH.MI | WDHH21.MI) (ISIN shares IT0005203622 | ISIN warrants IT0005203689), a tech company whose mission is to create the “Internet Platform of the Emerging markets of Europe”, announced that Tophost (www.tophost.it), the Italian web hosting provider 100% controlled by D.H.H. S.p.A., recorded a +12% growth in gross sales in Q42018 vs. Q42017, passing from 362.880 EUR (Q42017 - net of intercompany transactions) to 405.451 EUR (Q42018 – net of intercompany transactions).

The last quarter of 2018 was quite challenging for the Tophost, as the company was working on two major projects simultaneously – the Autofix solution and the obligatory electronic invoicing.

The first project is the new product that automatically fixes and updates WordPress and Joomla versions for Tophost’s clients. The second project - electronic invoicing, or (Fattura Elettronica), is a mandatory requirement from the Italian government. Both projects were managed successfully and didn’t impact on Tophost growth trend.
