Giandomenico Sica, Chairman of the Board of Directors, comments: *“First of all, I would like to thank Uroš Čimžar and Guido Busato, outgoing directors, for the excellent work they have done during these years, in a delicate phase of start-up and construction of the foundations of the DHH business project. I also welcome Tamara Arduini, our Group CFO, and Andrea Arrigo Panato, new independent director, to the Board of Directors. Andrea is an experienced professional, author, university professor and I am sure that with his expertise, he will help us to maintain a high critical spirit in the observation of our activities. For Tamara, it is a return to the BoD of DHH, since she accompanied us in the start-up phase of the company back in 2015, when DHH was still little more than an idea. With her competence, rigor, ethics, and attention to detail, Tamara will be tasked with keeping our delicate financial machine turning. Finally, I am very happy to greet Antonio Baldassarra, the new CEO of the group. Antonio, co-founder of DHH, is the best tech entrepreneur I know, and it is, therefore, an honor and privilege to have him as CEO. I am also happy to greet Matija Jekovec, who has been reappointed in his role as COO. Matija, also co-founder of DHH, is one of the pillars of our entrepreneurial project, able to give order, method, and discipline to the complexity that a group like ours, international and multicultural, brings with it. This governance aims to lead us into this new phase of growth of our business project, where, with careful, safe and steady step, we aim to achieve new and ambitious goals, managing the difficulties, seizing opportunities, and always keeping a watchful eye on market scenarios in constant evolution”.*
