

A Decade of DHH: The Documentary Now Available Online

Milan, 28 April 2025. DHH S.p.A. (DHH.MI) (ISIN shares IT0005203622) is pleased to announce the release of a documentary telling the ten-year journey of its entrepreneurial project. Directed by Paolo Pioltelli, the film explores the evolution of DHH and its peculiar approach to technological innovation in the Internet infrastructure sector.

“The Turtle’s Race. Tech Innovation Rising from Europe’s Peripheries” tells the story of a group that, over the past decade, has grown steadily by acquiring companies rooted in their local territories – from Ciociaria to the Balkans – and guiding them towards a new industrial dimension. All of this without chasing the myths of Silicon Valley and without losing their identity and craftsmanship.

Through the voices of some of the key figures involved, the documentary highlights how DHH has made a federation of skills its core strength. With steady steps and a shared vision, these “turtles” – as opposed to the unicorn rhetoric that dominates the tech world – continue to chart new paths for the future of the technology market.

The documentary is freely available online on DHH’s website: www.dhh.international

Technical details:

- Photography: Francesco Manzato
- Editing: Paolo Pioltelli
- Sound mix: Nico Palermo
- Color: Alberto Bornati

Giandomenico Sica, President of the Board of Directors, comments: *“We’re not fans of self-promotion, but we’ve always had a deep interest for biographies and industrial films. That’s why we’re truly grateful to Paolo Pioltelli and his team for choosing to tell the story of our entrepreneurial journey through this documentary. Paolo brings a long-standing expertise in capturing entrepreneurial narratives and civic stories through film, and we couldn’t imagine a better way to mark these first ten years of DHH. Thanks Paolo – and to the next 100 years!”*

About DHH S.p.A.

DHH S.p.A. (DHH.MI) (ISIN shares IT0005203622) is dedicated to reshaping internet infrastructure through the integration of next-generation technology and artificial intelligence. Based in Europe, the company leverages open-source technologies to enhance digital connectivity across various industries and regions. With a commitment to continuous research and open innovation, DHH aligns technological progress with stringent data privacy standards. This approach promotes technological excellence while safeguarding individual privacy, aiming to position the company as a relevant player in the evolution of global internet infrastructure. www.dhh.international
